MINISTRY OF EDUCATION NATIONAL EXAMINATIONS

BAHAMAS GENERAL CERTIFICATE OF SECONDARY EDUCATION

INSTRUCTIONS TO CANDIDATES

Do not open this booklet until you are told to do so.

Write your School Number, Candidate Number, Surname and Initials at the top of this booklet.

Read the instructions for each task carefully before you start.

Answer ALL questions in the booklet.

The number of marks available is shown in brackets [] at the end of each question or part question.

Calculators are allowed.

ALL answers must be written in INK. Pencilled answers will NOT be accepted.

FOR EXAMINER'S USE ONLY		
Questions 1–30 M/C		
Question 31 – Matching		
Question 32 – True/False		
Question 33 – Structured		
Question 34 – Structured		
Total Marks 100		

This question paper consists of 15 printed pages and 1 blank page.

Section A MULTIPLE CHOICE QUESTIONS (30 Marks)

Directions: Read each question carefully. Answer ALL Questions. Choose the **ONE** answer that is correct. Circle the letter in the answer booklet. There is **ONLY ONE** correct answer.

1.	What	is the stage in which a product is extracted, grown or collected called?	
	A.	factor of production	
	B.	primary production	
	C.	secondary production	
	D.	tertiary production.	[1]
2.	Whic	h statement best describes how most of the basic economic problems emerge?	
	A.	a failing economic system	
	B.	government interference with the market	
	C.	the use of limited resources to satisfy human wants	
	D.	unskilled entrepreneurs.	[1]
3.	Whic	h of the following is not a factor of production?	
	A.	enterprise	
	В.	finance	
	C.	labour	
	D.	land.	[1]
4.	Whic	h of these does not occur once specialization is introduced?	
	A.	increased productivity	
	В.	mechanization of the production process	
	C.	repetition of the same task	
	D.	workers need a wider range of skills.	[1]
5.	Once	an apple is grown and collected which classification would not apply?	
	A.	commodity or a product	
	B.	durable or non-durable good	
	C.	finished or semi-finished product	
	D.	a public good.	[1]
			- -

- 6. Which of these is considered total national wealth?
 - A. assets such as land, houses, factories, shops and machinery
 - B. financial assets inclusive of notes, coins, bank deposits, building society deposits and company shares

	A. credit card B. debit card C. discount card D. reward card.	[1]
15.	Which of the following defines the prime rate of interest?	
	 A. the loan interest rate between banks B. the lowest rate of interest for borrowing from commercial banks C. the rate of interest on loans from the Central Bank D. the special interest rate banks offer to long term borrowing. 	[1]

10.

16.	Which	n statement is not true?	
	A.	A stockbroker owns the shares he buys and sells.	
	В.	A stockbroker acts on behalf of his client.	
	C.	A stockbroker advises people on buying and selling of shares.	
	D.	A stockbroker hopes to make a profit on what he sells the shares for.	[1]
17.	Which	n of these would result in an increase in the supply of labour?	
	A.	increasing the number of immigrants in the 16 and 65 age group	
	В.	introducing a period of internship for students in junior high school	
	C.	paying higher unemployment benefits	
	D.	raising the school leaving age.	[1]
18.	In whi	ich of these areas would the population tend to be more concentrated?	
	A.	where the scenery is most beautiful	
	B.	where there are good schools for children	
	C.	where there are outlets for leisure activities	
	D.	where work is to be found.	[1]
19.	When	is a market said to be in equilibrium?	
	A.	At the current market price where the amount which buyers want to buy just equal amount which sellers want to sell.	ls the
	В.	At the ruling market price where buyers do not wish to add to the amount of the which they already have.	good
	C.	When sellers are satisfied with the price which they have obtained for their goods.	
	D.	When the number of buyers are equal to the number of sellers.	[1]
20.	•	forgot to remove his allowance from his pocket when his pants were laundered and ed to find it undamaged when it was retrieved. What quality of money was demonst	
	A.	durability	
	В.	divisibility	
	C.	portability	
	D.	limited in supply.	[1]

21.	Which of the following (GDP)?	ng is not counted as expenditure when calculating Gross Domestic 1	Product
	A. consumption		
	B. government s		
	C. investment		
	D. rents.		[1]
22.	Which of the following	ng is an important source of government income?	
	A. employee con	mpensation	
	B. indirect taxes	s	
	C. interest		
	D. profits.		[1]
23.	What is not a problem	m in the accurate measurement of the GDP?	
	A. government	spending	
	B. negative exte	ernalities	
	C. non-market a	activities	
	D. unreported a	ctivities.	[1]
24.	Which of the following	ng is not characteristic of a competitive market?	
	A. consumer ch	noice	
	B. excessive var	riety	
	C. forced efficie	ency	
	D. higher prices	5.	[1]
25.	What is the term used	d when a government places a ban on trade with another country?	
	A. customs duty	y	
	B. embargo		
	C. quota		
	D. subsidy.		[1]
26.	What is determined b	by interaction between aggregate demand and aggregate supply?	
	A. business pro		
	B. government	tax receipts	
	C. investment		
	D. real GDP and	d the price level.	[1]

588110

A. exports B. imports C. savings D. taxes.	[1]
C. savings D. taxes.	[1]
D. taxes.	[1]
	[1]
28. Which would be considered a capital good for a landscaping company?	
A. coffee urn	
B. microwave oven	
C. MP3 player	
D. weed whacker.	[1]
29. Which represents a cost of economic growth?	
A. greater mobility of labour	
B. higher labour employment	
C. increased levels of pollution	
D. more variety of lifestyle.	[1]
What type of merger would take place if Smith's Shoe Store merged with Rose Shoe MacCompany?	ınufacturing
A. horizontal merger	
B. lateral merger	
C. parallel merger	
D. vertical merger.	[1]
TOTAL M.	ARKS 1301

Section B MATCHING (10 Marks)

31. In **Part I** and **Part II** match the terms labelled A – E with each of the statements below by placing the correct **LETTER** in the space provided.

PART 1

	Communities Advantage	
A. B.	Comparative Advantage Invisible Trade	
C.	Inflation	
D.	Absolute Advantage	
E.	Devaluation	
A sustained rise	in prices where the real value of money falls.	[1]
The value of one currency.	country's currency falls in relation to the value of anoth	er country's
A country can countries.	produce a particular product using fewer resources	than other
The importing a	and exporting of services.	[1]
A country can p countries.	produce a particular product at a lower opportunity cos	st than other
	TOTAL I	MARKS [5]
	PART 2	
A.	Brokers	
В.	Dividend	
C.	Bulls	
D.	Jobbers	
E.	Debentures	
Long term loans	s that are often referred to as an IOU.	[1]
The wholesalers shares to retaile	s of stocks and shares who are hoping to make a profes.	it by selling
Persons who bu	y and sell shares on behalf of clients.	[1]
Persons who bu	y or hold shares in anticipation of prices rising.	[1]
The actual mon-	etary returns that was paid for shares.	[1]

Section C TRUE/FALSE (10 Marks)

32. The following statements are either TRUE or FALSE. Circle the letter that best describes each statement.

	STATEMENT	TRUE	FALSE
1.	Free education, in an economic sense, is not really free.	T	F
2.	Goods that are not supplied in a market economy are known as public goods.	Т	F
3.	In a command economy firms produce only those goods that are profitable.	Т	F
4.	Production refers to the creation of useful goods and services.	Т	F
5.	Economies of scale refer to an increase in the size of the firm which leads to less efficient production.	T	F
6.	A census is taken every five years in The Bahamas.	T	F
7.	Demand pull inflation refers to increase in the cost of the factors of production such as raw material and labour.	Т	F
8.	Three measures of national income are the input method, output method and expenditure method.	T	F
9.	Government spending is a leakage from the circular flow of income.	Т	F
10.	Recession is a period during which real GDP declines for at least two consecutive years.	T	F

TOTAL MARKS [10]

Section D STRUCTURED QUESTIONS (50 Marks)

INSTRUCTIONS: Answer all questions in the spaces provided.

33.	The supply of any useful good or service will never be fully attained through the efforts of one country. However, international trade has made the supply of goods and services easily accessible Countries can identify potential markets for a good or service; utilise its economic means to fulfithe demands for a tangible or intangible commodity, and trade.		
	(a)	State one factor that influences supply.	
		[1]	
	(b)	Discuss three barriers or incentives a government can use that would limit supply of goods or encourage trade.	
		[6]	
	(c)	If the price of grapefruits changed from \$6 to \$5 which resulted in the quantity supplied moving from 200 units to 180 units, what would be the price elasticity of supply of grapefruits?	

(d) Refer to the table below of the Balance of Payments for The Bahamas in 2016 to answer the questions that follow.

	B\$ Millions
Visible Exports	444.3
Visible Imports	2 593.3
Invisible Exports	2 261.3
Invisible Imports	1 202.0

	Source: The Central Bank of The Bahamas	
(i)	Calculate the balance of trade.	[1]
(ii)	Calculate the invisible balance.	[1]
(iii)	Determine the current account balance.	[1]
(iv)	Determine if the current account balance is a deficit or surplus.	[1]

	ree ways to correct an	raaverse salang	or paymonts.

TOTAL MARKS [25]

34. Businesses are organised in many different forms. Unfortunately, not all customers are aware of the various business organisations that they utilise on a daily basis.

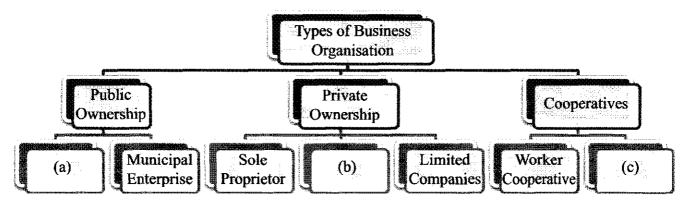

Figure 1

	riguit i		
(a)	Complete the diagram shown in Figure 1 spaces provided.	above by placing the correct word of	n the line
	(a)	[1]	
	(b)	[1]	
	(c)	[1]	Γά
(b)	Suggest one advantage and one disadvant	age of a sole trader/proprietor.	[3]

588110

[2]

(c) The following figures refer to a manufacturing firm. The firm has increased its sale of production.

INPUTS	Year 1	Year 2
Land	3	4
Labour	4	8
Capital	6	10
OUTPUT	5 000	15 000

(i) Calculate the percentage change in the inputs of the firm between Year 1 and Year 2.Show working.

[3]

(ii) Calculate the percentage change in output of the firm from Year 1 to Year 2. Show working.

[1]

(iii) Use the answers from (i) and (ii) to explain whether the firm is experiencing economies of scale or diseconomies of scale.

21

Smith's Chicken Shack is a local fast food restaurant that started off with one location and can now

	camine two ways in which a firm like this can grow in size.
_	
_	
	rms may grow too large and start to experience diseconomies of scale. Dis asons why this can happen.

MINISTRY OF EDUCATION NATIONAL EXAMINATIONS

BAHAMAS GENERAL CERTIFICATE OF SECONDARY EDUCATION

INSTRUCTIONS TO CANDIDATES

Do not open this booklet until you are told to do so.

Write your School Number, Candidate Number, Surname and Initials at the top of this booklet and on any additional sheets used (graph paper).

Part I consists of THREE questions. Candidates must attempt ALL questions.

Part II consists of FIVE questions. Candidates must choose ONLY TWO questions to answer.

Firmly attach the graph paper to the answer booklet.

Calculators are allowed.

ALL your answers must be written in INK.

FOR EXAMINER'S USE ONLY				
Part I: QUESTIONS 1 – 3 MUST BE ANSWERED				
Question 1				
Question 2				
Question 3				
Part II: ONLY TWO OF FIVE TO BE ANSWERED				
Question 4				
Question 5				
Question 6				
Question 7				
Question 8				
Total Marks 100				

Part I – 60 Marks

Directions: Candidates must attempt ALL questions in this Part.

1. The table below shows a demand and supply schedule for cakes.

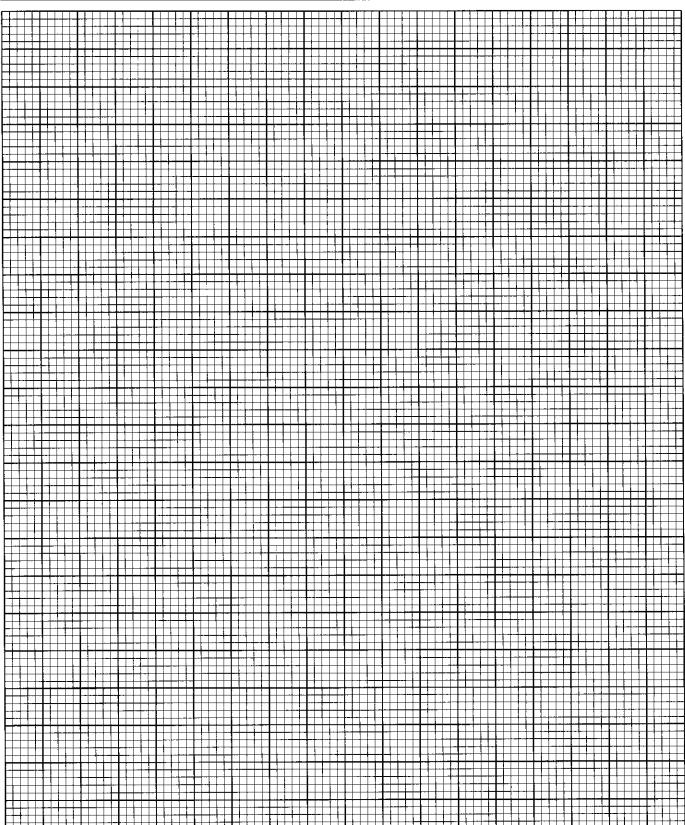

Price \$	Demand	Supply	C
55	20	80	
50	40	75	
45	60	60	
40	80	55	

Figure 1

Using the graph paper provided, plot and label the curves and the equilibrium poi	nt. [5
What is the equilibrium price and quantity set in this market?	
	[2
Explain how this equilibrium takes place.	
	[2]
State two reasons why there may be a decrease in the supply of cakes.	
	[2

7. FREEPORT, Grand Bahama – Prime Minister of The Bahamas and Minister of Finance, the Rt. Hon. Perry Christie said government must diversify its revenue sources, during the opening ceremony of the World Customs Organisation IT Conference and Exhibition at Our Lucaya on Wednesday, May 6.

"The Bahamas has relied heavily on import duties and taxes as a source of revenue like many other Small Island Developing States and small vulnerable economies, to fund government expenditure for public goods including education, health, social security, and of course public sector salaries.

"Direct Customs duties and taxes account for approximately half of the total revenue collected by The Bahamas Customs and Excise Department, which translates into approximately 25% of total government revenue."

Authored by: Robyn Adderley
